Exide One Pager 28Jul2014 with MZ edits.docx

FYI – Mike already took a look at this, but I thought you might want to see it.

There is a video conference call on Friday which originally Jeff was going to attend. However, Tom is going to fill in for Jeff and I'm not sure if he will want me there or not. Since Tom will be the rep, he needs less info about DTSC and their current "Fix the Foundation" issues, but may need a little more info on Exide.

Hi Kelly,

I reviewed the Exide paper and made some minor edits in track changes. The changes are mostly editorial with some based on my personal preferences.

Since this has been sent to Land Division Managers, these changes can be saved for future use (future versions), if you agree with them.

Best regards,

Mike Zabaneh, P.E.

Subject: Exide One Pager

Hello All-

With so many folks being out on vacation, Cheryl thought it would be helpful to have a one-pager on Exide to get everyone on the same page. I put together the attached document, with the most current status updates being on the front page, and a bit more history on the second page. Please let me know if you have any questions or would like any additional details.

Thanks!

Kelly
